In the heart of Sicily, where the golden light weaves a tapestry-like mosaic under a clear sky, lies a beautiful oasis that is the cradle of great indigenous Sicilian grapes and the ‘chosen land’ of Nero d’Avola. The estate is located in one of the Island’s most mineral-rich areas, close to the Mediterranean coast and between the Valle dei Templi and Piazza Armerina (Province of Agrigento). The varietals and the organic properties of the land, combined with a distinctive microclimate that benefits from sea breezes, make these ancient lands, which once belonged to the Princes of Butera, an ideal site for sustainable viticulture and a nature reserve with unique biodiversity. This area, with its colourful citrus fruits and scents of the Mediterranean scrubland, yields elegant, finely-fragranced wines with great intensity and freshness.

**Nero d’Avola Pas Dosé**

The hills of Butera, an ancient land illuminated by the golden rays of the sun, yield the first Traditional Method (Metodo Classico) - Pas Dosé – made with Nero d’Avola grapes. This exquisite and elegant sparkling wine embodies the aristocratic soul and the pursuit of excellence typical of this part of Sicily with its intense and austere beauty. Suspended between reality and mirage, this captivating area inspires a blanc de noirs that reveals a fresh and unprecedented facet of Nero d’Avola, Principe di Butera and Sicily.
